Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Thursday 09 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers or thunderstorms fading tonight. Further showers on Friday.

This Evening and Tonight:
Showers, some of which may be thundery will gradually fade away from late evening, leaving a mostly cloudy but dry night. Possibly misty by dawn, feeling mild and humid. Minimum temperature 15 deg C (59 deg F).

Friday:
A mostly cloudy day with scattered showers across the region, these heavy at times with a low risk of thunder. Some sunny spells, particularly into the evening as showers ease. Maximum temperature 22 deg C (72 deg F).

Outlook for Saturday to Monday:
An uncertain outlook, but mostly unsettled with a mixture of sunny spells and light showers over the weekend. Dry and sunny again on Monday. Warm on Saturday then turning cooler.
